

Base to Bush – Creating a Team

So you have decided to put together a team to complete the challenge, and now you're wondering what's next?

1. Choose a team name & a date when you would like to start the challenge.
2. Within your team choose a distance;
 - o Base to Halls Gap (250kms)
 - o Base to Warracknabeal (325kms)
 - o Base to Cann River (461kms)Split the KMs and allocate KMs to each team member to complete
3. If you are fundraising, within your team decide your fundraising goal, split this goal and allocate a portion of the goal to each team member.

For Example:

John Flynn and his 3 friends have decided to make a Base to Bush team and call themselves 'The Original RFDS Crew', they will start the challenge on 1 August 2020.

They have decided to do the 'Base to Cann River (461kms)' challenge and fundraise \$400.

They will split both the KMs and the fundraising goal 4 ways, meaning each member will do 115.25kms and aim to raise \$100 each.

4. Get each member of the team to sign up to the challenge at the Base to Bush website: basetobush.groundcrew.org.au
5. After providing their contact details each team member will need to fill in the 'Register Now' form to reflect their individual contribution to the team.

For Example:

Register Now
